English Speaking Course

- EW has been the quick-runner in the industry since 2019. It would be fair to say that EW founded the concept of Experiential English Teaching, which unfortunately was only limited to schools and colleges and there were no other supplementary systems to learn Spoken English. Since then, it has been a journey and this journey has been exciting as well as encouraging, due to the immense support given by the community of English Learners. EW is not only an institute anymore, it has become a brand in English and Personality Development Training.

Foreign Language Course

French, Spanish, German

- EW is not only a recognized name in English Training but also with Foreign Language Training. EW provides best in the industry Foreign Language Training in international languages, such as French, Spanish and German. We also understand the need of native touch in any language training and for this special purpose we have Native Trainers, straight from the language's motherland, training and supporting students in their journey of language learning. We also have combined courses for English and French.
