A sample format to Introduce a topic:

Step 2: Connect with audience

Step 3: Build Rapport with audience

Step 4: Set the context and objective

Good morning to everyone! It has been a great pleasure meeting each and everyone. My name is Damu from Bangalore. Most of us are familiar with the game cricket.

I want to talk about Cricket. Having originated in south-east England, it became the England's national sport in the 18th century and has developed globally in the 19th and 20th centuries.

International matches have been played since 1844 and Test **cricket** began, retrospectively recognized, in 1877.

William Gilbert Grace proposed that the name **cricket** comes from the Middle Dutch phrase for hockey, “met de krik ket sen”, which means “with the stick, chase”.

Early **cricket** was played with a stick that resembled more a hockey stick than the modern day **cricket** bat. He also proposed that **cricket** was Flemish in origins
